

Nuboogh distributes seven Brother machines in Iraq, spanning the brand's sewing, quilting, overlock, coverstitch, and embroidery ranges. The lineup runs from the 2504D overlock (serger) and CV3550 coverstitch machines for garment finishing, through the FS60X computerized sewing machine and the multi-function Innov-is M370, NV2700, and V3 combination sewing/quilting/embroidery machines, up to the PR1055X — Brother's 10-needle Entrepreneur ProX commercial embroidery machine built for production-scale work.

Products from this brand
