1/4 HP LG hermetic reciprocating compressor (MA72LHEM)

`Model: MA72LHEM`

Brand: LG

Category: Compressors

LG MA72LHEM 1/4 HP hermetic reciprocating compressor for R134a systems, made in India.

DESCRIPTION

The LG MA72LHEM is a 1/4 HP hermetic reciprocating compressor for R134a systems, made by LG Electronics in India. Its label confirms the model number, refrigerant, and thermal protection, and it ships in LG's Power Chill Compressor packaging highlighting silent operation, six-sigma quality control, and low-voltage startability. The compressor has the standard black hermetic dome housing with a side terminal box and copper process stub, with mounting feet fitted for direct installation.
