Donger QD59N hermetic compressor, 1/6 HP (R134a)

`Model: QD59N`

Brand: Donger

Category: Compressors

1/6 HP Donger QD59N hermetic compressor for R134a refrigeration systems (R134a variant of the QD59N).

DESCRIPTION

The Donger QD59N (R134a version) is a 1/6 HP hermetic reciprocating compressor charged for R134a refrigerant, distinct from the R600a-charged QD59N also carried by Al-Nuboogh under the same model number. Its box highlights high efficiency, low power consumption, and locally stocked accessories, and it ships in Donger's retail box imported especially for Al-Nuboogh Co., General Trading.
