Wall-mounted air curtain

Brand: MahbCool

Category: Spare Parts

Mahbcool wall-mounted air curtain with dual angled-vent rows and a white curved housing.

DESCRIPTION

This Mahbcool air curtain is a wall-mounted unit housed in a white, curve-topped casing, designed to create a directed air barrier across a doorway or opening. The front face has two rows of angled slot vents either side of a centre on/off rocker switch and the Mahbcool logo, with mounting brackets at each end of the housing for wall installation.
