Single-phase contactor 30A, CKYC2-2/30

Model: CKYC2-2/30

Brand: MahbCool

Category: Spare Parts

2-pole (single-phase) contactor, 30A / up to 600V, 220VAC coil, for switching single-phase AC loads.

DESCRIPTION

The CKYC2-2/30 is a 2-pole (single-phase) definite-purpose contactor from MahbCool, used to switch power to single-phase AC compressors, condenser fans, or other HVAC loads. Its rating plate lists 30A FLA (40A per pole rated up to 600V), with a 220VAC 50Hz coil, and CE, UR, and RoHS marks. It has top (L1/L2) and bottom (T1/T2) screw terminals for line and load connections.
