3-phase contactor 30A, CKYC2-3/30

`Model: CKYC2-3/30`

Brand: MahbCool

Category: Spare Parts

3-pole (3-phase) contactor, 30A / 277-600VAC, 220VAC coil, for switching AC compressors and motors.

DESCRIPTION

The CKYC2-3/30 is a 3-pole (3-phase) definite-purpose contactor from MahbCool, used to switch power to air conditioning compressors and outdoor fan motors. Per its rating plate, it is rated 30A FLA (40A per pole) across 277/480/600 VAC line voltages, with a 220VAC 50Hz coil, and it carries CE, UR, and RoHS marks. It has top (L1/L2/L3) and bottom (T1/T2/T3) screw terminals for line and load connections.
