Dover R1234YF Refrigerant Gas (3kg Cylinder)

`Model: R1234YF`

Category: Gas

Dover R1234YF automotive refrigerant supplied in a 3 kg disposable cylinder for professional A/C service.

DESCRIPTION

This Dover R1234YF refrigerant is supplied in a 3 kg disposable steel cylinder with a green top-mounted charging valve, matching the model number and net weight printed on the cylinder body. The label identifies the contents as 2,3,3,3-Tetrafluoropropene (CAS 754-12-1, UN3161), an inflammable liquefied gas rated for a standing/test pressure of 2.24/2.8 MPa. It is marked for professional use only and is a non-refillable cylinder, charged into the system by connecting a charging hose to the top valve.
