Dover Wire Stripper Cutter (HVAC Tool)

Category: Spare Parts

Dover wire stripper/cutter hand tool with high-carbon steel jaws and green rubber handles.

DESCRIPTION

This Dover-branded wire stripper cutter is a hand tool for cutting and stripping electrical wire, built with high-carbon tool steel jaws (rated HRC 50-65 on the packaging) for extended blade life. It has an adjustable screw for stripping different wire gauges and green rubberized handles for grip. The packaging notes RoHS compliance and markets the tool for HVAC and general electrical work.
