Tube expander / swaging tool kit (red-handle ratchet)

Brand: DSZH

Category: Spare Parts

A ratcheting tube expander/swaging kit with red handles, multiple interchangeable heads, a cutter, and a scriber in a fitted case.

DESCRIPTION

This DSZH tube expander kit is built around a ratcheting expander tool with red handles, supplied with a set of interchangeable swaging heads in a range of sizes for flaring and expanding copper tubing. The kit also includes a tube cutter and a small scriber tool, all housed in a fitted blue carrying case with foam cutouts for each piece. It is intended for pipe-fitting and joint preparation work on refrigeration and air-conditioning lines.
