# R134a quick-connect service coupler, red (high side)

**Brand:** DSZH

**Category:** Automobile

**Red R134a quick-connect service coupler for the high side of automotive AC systems.**

### DESCRIPTION

This R134a quick-connect service coupler is for the high-pressure (high) side of an automotive AC system, identified by its red top consistent with high-side color coding. It has a threaded chrome fitting with an open/closed control knob, and is supplied with a separate brass adapter fitting.
