Mini tube cutter, 1/8"–5/8" O.D.

Brand: DSZH

Category: Spare Parts

Mini tube cutter for 1/8"-5/8" O.D. tubing, sold in blister packaging.

DESCRIPTION

This mini tube cutter is embossed with its own capacity range, 1/8"-5/8" O.D., directly on the tool body. It uses a cutting wheel and roller guide with a large knurled knob to feed the blade as the tool rotates around copper or aluminum tubing, and is sold in retail blister packaging.
