Mini tube cutter (compact, angled head)

Brand: DSZH

Category: Spare Parts

Compact, angled-head mini tube cutter from DSZH for cutting copper tubing in tight spaces.

DESCRIPTION

This DSZH mini tube cutter has a compact, angled (hook-shaped) head that reaches copper refrigeration and AC tubing in tight spaces where a straight-body cutter cannot fit. It has a cutting wheel at the head and a blue knurled feed knob to advance the blade as the tool is rotated around the tube, with the DSZH brand name embossed on the body.
