Golden Tube AC high-purity copper tube, 1/2" x 1/4" x 5m coil

`Model: 1/2''x1/4'' - 0.71x0.61 - 5m`

Brand: Golden Tube

Category: Copper Tube

Golden Tube high-purity copper tube coil, 1/2" x 1/4" x 5m, for split AC liquid/suction lines.

DESCRIPTION

Golden Tube high-purity copper refrigerant tube is supplied as a 5-metre coil, combining a 1/2-inch and a 1/4-inch line (wall thickness 0.71mm and 0.61mm respectively) in one set for split air conditioner liquid and suction runs. The tube is RC (refrigeration-grade) high-purity copper as printed on the product's own label, and each coil is sold as one complete unit ready for site cutting and flaring.
