Al-Nuboogh Insulated Copper Tube (5/8"+3/8", 7.5m)

`Model: 5/8"x0.81mm+3/8"x0.81mm x7.5m`

Category: Copper Tube

Al-Nuboogh insulated copper tube set combining 5/8-inch and 3/8-inch lines (0.81mm wall), 7.5 meters long.

DESCRIPTION

This Al-Nuboogh insulated copper tube product bundles a 5/8-inch and a 3/8-inch copper line, each with a 0.81mm wall thickness, supplied together in a 7.5-meter length. It is intended for refrigerant line runs between indoor and outdoor AC units, with insulation fitted to reduce condensation and heat gain along the line. It is sold under the Copper Tube category as an Al-Nuboogh branded product.
