Floor-standing (tower) split air conditioner, indoor unit

Brand: Mahboob

Category: Air Conditions

Floor-standing (tower) split A/C indoor unit, white cabinet with ribbed side panel, bronze control panel.

DESCRIPTION

This is a floor-standing (tower-type) split air conditioner indoor unit finished in white, sharing the same top-mounted louvered vent grille and bronze-toned LCD control panel band as other units in the range. Its side panel is visibly vertically ribbed/fluted along the full height of the cabinet, with a small round cap near the base, likely a condensate drain outlet.
