Ariston FAST EVO 11 instant electric water heater

`Model: FAST EVO 11`

Brand: Ariston

Category: Water Heaters

Slim compact electric instant water heater from Ariston with a rotary control knob.

DESCRIPTION

The Ariston FAST EVO 11 is a compact electric instant water heater with a slim, wall-mounted rectangular white housing. A black trapezoid-shaped control panel is set into the lower front, with a rotary control knob including an OFF position. Like other instant models in Ariston's range, it heats water on demand rather than storing it in a tank.
