Copper tube coil (pancake coil)

Brand: Sampo

Category: Copper Tube

Coiled Sampo copper refrigeration tubing, printed 'Made in Korea' with an ASTM B specification marking.

DESCRIPTION

This Sampo pancake coil is soft, coiled copper tubing for HVAC and refrigeration line-set installation, with a matte copper finish. The tube is printed along its length with the Sampo brand name, a 'Made in Korea' origin marking, and an ASTM B specification reference, consistent with standard refrigeration-grade copper tube. It is supplied uncut so installers can pay out, cut, and bend the tube to length on site.
